C. VIJEETHA	EXECUTIVE MEMBER

ALUMNI COMMITTE E

The accomplishments of college graduates are essential to any institution's reputation. As a result, the majority of educational institutions establish alumni association committee to enhance interactions between students and the institution. In 2010, the Vaagdevi College of Pharmacy established an Alumni Association Committee.

The alumni meet enables former students to help current students build successful careers by sharing their experiences in the real world and opportunities in their respective fields.
